Client Review

"Drago is by far the best Web Developer I have ever worked with! His knowledge and skills are so impressive and his communication is far superior to what I have received on any freelancing website before. He gives me daily updates, weekly reports, voice/video calls when needed, and screencasts to show his progress along the journey. I will 100% be hiring Drago for all my future projects and will be recommending him to anyone that I know who needs a web developer."

Freelancer Client, Builders Merchant LLC, Building Configurator

Skills Used: PHP, JavaScript, WordPress, Shopify, CSS, HTML, Babylon.js, Three.js, Vue, TailwindCSS, Laravel, AWS Infra
